ABOUT THE FOUNDATION

The **Forca Goa Foundation** founded in March 2017 is a sister organisation of **FC GOA**, the club which represents the state of Goa in the Hero Indian Super League. The Foundation's vision is to use football to inspire positive development across the state, thus benefiting both the game of football and the community.

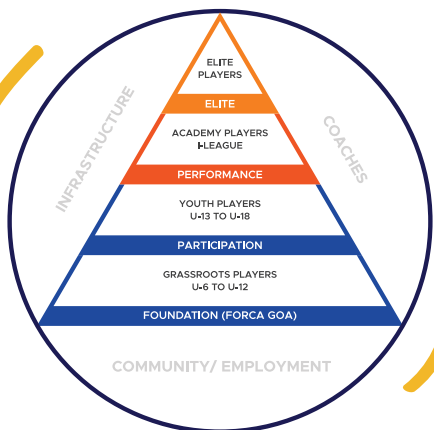

ABOUT THE LITTLE GAURS LEAGUE

Forca Goa Foundation launched the Little Gaurs League, a state level grassroots football league to provide opportunities for children in Goa to play regularly in a safe and organised environment. Widely regarded as a key strategy in developing footballers, increasing game time for young players helps hone their decision making ability and match skills.

DERRICK PEREIRA

TECHNICAL DIRECTOR

The reason we have this Little Gaurs League is to create more opportunities for young talent. We are focussing on grassroots as we feel it is the right age to develop footballers.

We have expanded our reach this year so that more children have access to competitive football tournaments
